

TIBCO CERTIFIED PROFESSIONAL PROGRAM

AT A GLANCE

TIBCO Certification validates an individual's competency in design, development, deployment, and administration of TIBCO's application and infrastructure technologies.

BENEFITS

For IT Professionals

- Excellent investment in your professional development.
- Increases your value to your employer and your customers.
- Demonstrates your proficiency in TIBCO technologies.
- Improves your marketability, by validating your expertise in sought-after skills.

For Enterprises, Systems Integrators, and Developers

- Improves the quality and consistency of your TIBCO implementations.
- Creates TIBCO technology evangelists within your organization, extending the value of your investment.
- Provides the "best practice advantage," resulting in more powerful and robust solutions.

Rewards & Discounts

- Those who receive their credentials: 20% discount on all public classes.
- Those enrolled in the TCP Rewards Program: special benefits, including annual eLearning subscriptions (for Bronze level or higher).

Who Should Become Certified?

- TIBCO Alliance Program members
- In-house implementers of TIBCO solutions
- IT professionals involved in TIBCO development and administration

Registration and Fees

Each certification exam is \$300 USD.

To locate the testing center nearest you and to register* for an exam, please visit www.prometric.com/TIBCO.

Questions? Please contact
certification@tibco.com

Certification Process

1. Choose the certification program that fits your goals (see page 2 for details)
2. Take the recommended courses
3. Check your understanding of course materials by taking an online knowledge assessment (select 'class schedules' at www.tibco.com/services/educational, then select the Assess icon)
4. Prepare for the exam by reviewing the exam outline and sample questions (see page 2 for links to exam outlines)
5. Register* for a certification exam
6. Take the certification exam

TIBCO Trained Professional

This credential recognizes individuals who have attended training and passed the related knowledge assessment online tests.

Designed to verify knowledge of key concepts and capabilities covered during TIBCO courses, these online tests are helpful for candidates who are preparing for a TIBCO certification exam or as a simple proof of basic ability acquired from the associated course.

For details, please visit:
<http://inter.viewcentral.com/reg/TIBCO/assessment>

* Candidates must have a voucher code prior to registering for an exam. Contact certification@tibco.com for details.

About TIBCO

TIBCO Software Inc. (NASDAQ: TIBX) is a provider of infrastructure software for companies to use on-premise or as part of cloud computing environments. Whether it's efficient claims or trade processing, cross-selling products based on real-time customer behavior, or averting a crisis before it happens, TIBCO provides companies the two-second advantage™ - the ability to capture the right information, at the right time and act on it preemptively for a competitive advantage. More than 4,000 customers worldwide rely on TIBCO to manage information, decisions, processes and applications in real-time. Learn more at www.tibco.com.
